# Not Just a Treat, A Tradition.

One Kringle at a time. It's how we approach, well, just about everything. Our third-generation family business is all about making sure we bake the highest quality Kringle for our extended family—our customers. We're confident that once you experience authentic Racine Danish Kringles, your family will make it a tradition, just like ours.

Our bakers begin early each morning to handcraft the flaky, buttery Danish pastry so many have come to know and love. Each handmade Kringle is made with the highest quality ingredients and baked to perfection, ready for you to share at holiday parties and special events, or to delight family, friends, neighbors, and co-workers, and sometimes simply just because.

We continue to follow the same century-old recipe Danish bakers brought to Racine, Wisconsin during the late 1800s. Our bakery was started over 40 years ago because we wanted to share our love of Kringle with the people of Wisconsin. Today, Kringle is the official state pastry of Wisconsin and is shipped across the nation. We're proud of our Kringle—it's all we do. We want to share them with you, because with us...  
"It's Not Just a Treat, It's a Tradition."

## *Our Guarantee to You...*

If for any reason you or your gift recipients are not completely satisfied with any of our products, please let us know. We will make every effort to make things right. We welcome the opportunity to make you happy.
